(All the faculty members are responsible for general education classes and evening classes.)

3. Qualifications

- 1) Young people with a doctorate degree or an expected doctorate degree
- 2) Enthusiasm for teaching materials science
- 3) Interests/experience in research and development of novel multi-functional structural materials, from the viewpoints of the microstructure, crystal structure, and lattice defect control.
- 4) An adequate command of Japanese to manage daily university work

4. Salary and Benefits will be determined according to the university regulations.

Annual salary system will be applied.

5. Starting date: April 1, 2021 or earliest possible date thereafter

6. Application materials

- 1) A full statement of Curriculum vitae with a complete list of academic achievements
- 2) Copies of three major publications
- 3) A concise description of past research and future goals: approximately 500 words
- 4) An essay outlining your philosophy of teaching: no more than 300 words
- 5) Contact information of two references

7. Application Deadline: No later than 20 (Fri.) November, 2020.

8. Send the application materials to:

Professor Koichi HAYASHI
Nagoya Institute of Technology
Gokiso-cho, Showa-ku, Nagoya, 466-8555, JAPAN

Notes

1) Application materials in English or in Japanese are acceptable.

2) Submission by postal mail

Write “Job Application” in red on the envelope and send it by registered mail. All the documents will not be returned, so the return address must be specified.

3) Submission by e-mail

The subject of the email should be “Job Application for A Faculty Position.”

When attaching application materials, please convert the application material into a PDF format and set up a password. Please make sure that the password will be sent separately from the email with the PDF file. If applicants do not receive any receipt notification from the Nagoya Institute of Technology, please contact the person in charge written above.

4) NITech promotes diversity, including gender equality, in its effort to enhance the university environment for education, research and employment. In the faculty recruitment selection, priority will be given to female and foreign candidates if their overall performance (research achievements, education performance, social contribution, etc.) and personal evaluation are recognized as equivalent to those of other candidates.

5) The personal information related to the screening will be treated properly based on the Personal Information Protection Law and Nagoya Institute of Technology’s provision. However, in the screening process, personal information would be inquired. Upon agreement and acceptance of the requirements, please apply for this position.

6) For further information, please contact Prof. Koichi HAYASHI by e-mail.
